

Emergency Evacuation Template

You Home has become unsafe, it's too dangerous to stay here.

Your family needs to relocate to a safer location now.

You are concerned about traffic, resources and availability of services

You need to choose the best possible action before it is too late.

Let's learn the three things needed to build an emergency evacuation plan

Why do we need to evacuate now?

Where are we evacuating from?

Leaving work in a hurry, won't be back soon.

Honey, will you pick up the kids?

Be sure to lock the door when you leave.

Planned Evacuation

Is your home in a mandatory evacuation zone?

Prepping the house

What are we taking with us?

Immediate Evacuation

Risk Management

Rehearsals

Where are we evacuating to?

Bob's house is close by.

How far is far enough?

Are shelters really the best option?

Does anyone have a Disability?

Pet Friendly

Know your options

We've been wanting to go on a road trip for some time now.

Is this a temporary vacation?

What do you mean we're just refugees?

Pre-Planned Stores

How do we plan on getting there?

Can your car make the trip?

Auto Inspection Check List

I do not have a car

How can I tell if I am going the right way?

You will need multiple planned routes

Rally Point Map

Rehearsals

Bring extra sox

Food and Water
